## What are the advantages and benefits of Alkhabeer Diversified Income Traded Fund 2030?

Alkhabeer Diversified Income Traded Fund 2030 is a closed-ended investment Fund with a fixed term to maturity. This means that the Fund has a fixed maturity date and a fixed number of Units issued by way of the Initial Public Offering. The fixed maturity and semi-annual distribution policies will allow the Fund to trade on the Secondary Market similar to a large extent to investments in Sukuk and bonds.

### Fixed Maturity

The Fund has a fixed maturity date. As such, the Fund Manager seeks to create a portfolio of income generating investments corresponding to the Fund's maturity date.

### Fixed Number of Units

Unlike open-ended mutual Funds, closed-ended investment Funds issue a fixed number of Units at the time of the Initial Public Offering. Subsequent to the Initial Public Offering, investors are unable to buy or sell Units directly from or to the Fund. However, they can only buy or sell them on the Saudi Stock Exchange (Saudi Tadawul), where Units are traded by investors who buy and sell them in the same way they trade corporate shares.

### Liquidity

The Fund Manager seeks to distribute the net income generated from the Fund's underlying assets. The distribution policy provides for distribution of dividends twice per year. The frequency of dividend distribution may be increased at the Fund Manager's discretion, subject to the Fund Board's prior approval.

### Trading on the Main Exchange (Saudi Tadawul)

Units are listed and traded on the main market (Saudi Tadawul). If demand for Units is high, they may be traded at a premium over the Net Asset Value. However, if the demand is low, they may be traded at a discount.

### Portfolio Management

The Fund Manager is responsible for managing the investment portfolio and ensuring that the Fund's investment objectives are achieved and are consistent with the fixed maturity date.

### Target Investors

Closed-ended Funds with fixed maturities are designed for investors seeking income flows, recovering the Net Asset Value and exiting the Fund within a specified period.

### What is the dividend distribution policy?

The Fund Manager will distribute to the Unitholders semi-annually the returns on the Fund's investments (after deducting expenses and provisions), excluding the capital gains generated on the sale of the underlying investment assets, which may be reinvested in other assets or distributed in full or in part at the Fund Manager's discretion. The Fund will distribute the dividends within forty (40) Business Days after the last day of each half year and at the end of each Gregorian year, i.e. during August and February of each Gregorian year. Any distributed cash dividends will be deposited in the Unitholder's investment account. The Fund Manager, however, may at its discretion distribute the returns of Fund investments more frequently than semi annually to Unitholders after deducting expenses and provisions.

### When will the Fund's Initial Offering Period start?

The Initial Offering Period is 15 Business Days, starting on 19 Shawal 1445, corresponding to 28 April 2024, and ending on 8 Dhul Qida 1445, corresponding to 16 May 2024. In the event the Fund Manager fails to raise Minimum Target Fund Capital, the Fund Manager may extend the Offering Period by 20 Business Days, or cancel the Offering and return all the Subscription Amounts to the investors in Saudi Riyal without any deduction, within 5 Business Days after the date of cancellation of the Offering.

### What is the Minimum Subscription Amount?

SAR 1,000

### What is the timeline of steps taken between the Initial Offering of the Fund Units and the Trading of the Units?
