## Main features template of regulatory capital instruments-(Table 2(e))

On July 1, 2021, the Bank through a Shariah compliant arrangement issued Tier 1 Sukuk (the "Sukuk"), amounting to SAR 5 billion. The issuance was approved by the regulatory authorities and the Board of Directors of the Bank.

These Sukuks are perpetual securities in respect of which there is no fixed redemption dates and represents an undivided ownership interest of the Sukuk-holders in the Sukuk assets, with each Sakk constituting an unsecured, conditional and subordinated obligation of the Bank classified under equity. However, the Bank shall have the exclusive right to redeem or call the Sukuks in a specific period of time, subject to the terms and conditions stipulated in the Sukuk Agreement. These securities also allow the Bank to write-down (in whole or in part) any amounts due to the holders in the event of non-viability with the approval of SAMA.

The applicable profit rate is 4% per annum from date of issue up to 2026 and is subjected to reset every 5 years. The applicable profit on the Sukuks is payable quarterly in arrears on each periodic distribution date, except upon the occurrence of a non-payment event or non-payment election by the Bank, whereby the Bank may at its sole discretion (subject to certain terms and conditions) elect not to make any distributions. Such non-payment event or non-payment election are not considered to be events of default and the amounts not paid thereof shall not be cumulative or compound with any future distributions.
